Memorandum for Heads of Executive Departments and Agencies

From: Robert H. Shriver, III
Acting Director

Subject: Extension and Amendment of the Government-wide Direct Hire Appointing Authority for Scientific, Technical, Engineering and Mathematics (STEM) Positions, Acquisitions, and Cybersecurity and Related Positions

The U.S. Office of Personnel Management (OPM) is authorizing an extension and amendment to the government-wide direct hire authorities (DHA) for Scientific, Technical, Engineering and Mathematics (STEM) positions, Acquisitions, as well as Cybersecurity and related positions, where we identified severe shortages of candidates and/or critical hiring needs. OPM issued DHA for the positions below on October 11, 2018, and September 29, 2023, for the improvement of workforce planning enabling simple and strategic hiring to attract top talent. OPM is amending the authority by adding positions in the criminal investigation General Schedule (GS) 1811 occupational series at the 12-15 grade levels.

OPM is authorizing the continued use of this DHA through December 31, 2028, or until OPM terminates this authority, whichever occurs first. OPM has documented its findings in relation to these positions in its files and will maintain the documentation for the duration of the authorities. The covered positions are included in the tables below. Information on this DHA may also be found on [OPM's website](#).

Using These Direct Hire Authorities

Agencies may continue to appoint individuals into the occupations identified above at the specified grade levels (or equivalent) nationwide. Individuals may be appointed to competitive service career, career-conditional, term, or temporary positions, as appropriate, without regard to provisions of 5 U.S.C. 3309-3318 or 5 CFR part 211 and part 337, subpart A. These appointments are subject to public notice requirements in 5 CFR 332.402. Agencies must comply with all relevant laws to the extent that the agency or component is not exempted from such laws pursuant to 5 U.S.C, 3304(a)(3).

In accordance with 5 CFR 337.206(c), OPM may request information from agencies on their use of these direct hire authorities. OPM will periodically assess agency use of these authorities as well as the continued need for them and may modify or terminate them as appropriate.

Agencies are required to request an applicable pre-employment background investigation at the appropriate tier to establish whether candidates are suitable for Federal employment. Candidates may be credentialed in accordance with Government-wide credentialing standards and can hold a position that is national security sensitive (including but not limited to those requiring eligibility for access to classified information) at the appropriate level (if required for the particular position). Agencies must identify and use proper assessment tools for the positions being filled with these direct hire authorities to determine who is qualified for the covered positions. Agencies should not conduct additional ratings to determine relative degrees of qualifications when using this authority. Qualified candidates with veterans' preference should be selected as they are found, just as any qualified non-preference eligible candidate would be.

Documenting Appointments on the SF-50 "Notification of Personnel Action"

When using a government-wide authority, an agency must enter the authority code "**AYM**" on the SF-50 in item 5-C **and** the relevant secondary authority code specified below for item 5-E of the SF-50.

STEM and Acquisition positions:

Authority code to be cited: **BAH: GW-007**

Cybersecurity and related positions:

Authority code to be cited: **BAI: GW-008**
