Memorandum for Heads of Departments and Agencies

From: Robert H. Shriver, III
Acting Director

Subject: **Fiscal Year 2023 Federal Executive Board National Network Annual Report**

It is my pleasure to share with you the enclosed Fiscal Year 2023 Federal Executive Board Network Annual Report.

Federal Executive Boards (FEBs) serve as catalysts for intergovernmental communication, coordination and collaboration across the Nation. Each Board builds interagency partnerships, providing a forum for agencies to identify common needs and coordinate actions to meet shared goals. The Boards connect strategic partners across Federal, State, and Local governments, and facilitate collaboration to achieve their objectives. Given their involvement with local communities, the 28 FEBs are significant contributors to advancing key policy initiatives outside of Washington, D.C.

Fiscal Year 2023 proved to be a very productive year for the Boards in a number of important areas. FEBs provided training opportunities to nearly 30,000 Federal employees, improved Federal resilience by sponsoring emergency exercises for more than 690 Federal employees representing 76 agencies, supported agencies' efforts to maximize operational efficiencies and organizational performance, and promoted local Combined Federal Campaign efforts. The Boards made significant progress in all three of their strategic lines of business and, as a result, reduced duplicative efforts and contributed to improved Government operations.

I commend the Boards for their contribution to a more effective and efficient Federal Government to serve the American public.

The Report can also be accessed at feb.opm.gov.
